

WITH LOVE

There is so much I want to tell you; so much I have to share. But - small steps. As Lao Tzu once said - the journey of a thousand miles begins with a single step. And this is the first step on your path to freedom from the maddening pace of the world.

The one and true path that leads you homeward bound is the one that leads you to yourself.

From the age of 3 years old I have been blessed by being exposed to many spiritual teachers. I have been acutely aware that life is more than just the physical. This depth of spiritual knowledge and searching has been with me since time began, and here on earth, with clear remembrance, since I was 3 years old.

I have traversed many a terrain; from organized religion, to eastern philosophy to spirituality, to shamanism to name but a few. And only one constant remains - Love is the Truth and we are all homeward bound - back to Source, from whence we came. And by love, I am not referring to the wishy-washy concept that we have of love here on earth, but the true eternal love without bias, prejudice, assumptions, envy, jealousy and any

and all forms of malice. Love is a total acceptance that we are already all whole, pure and holy and that we are all one. Love is a total knowing that we are an idea in the Mind of God and that divine intelligence is available for us all to tap into.

You do not need to be spiritual or religious to do this program, as this program will lead you to your own path of happiness here on earth.

I have my foundation for truth and love in A Course in Miracles - which is my mind training program on super-charge.
