

# Generic Firearms Fitting Guide

\*Ensure that you are purchasing the MOS version of any of the listed firearms\*

Will this firearm be designated for range use/home defense or for concealed carry?

Range/Home Defense

Concealed Carry

↓  
Start with a Glock 19, Sig 320,  
and a MP 2.0

↓  
Start with a Glock 48, Sig  
P365XL, and a MP 2.0 Compact

Are your hands able to fully seat around the firearm with little to no separation?

No

Yes

↓  
Try the M&P 2.0 with the smaller  
back strap or the Walther PDP F

Does your finger reach the surface of the trigger without having to compromise on your grip?

No

↓  
Try one of the listed concealed carry firearms

Fully prep the trigger, paying attention to how much slack space the trigger has. Do you like how this trigger feels?

After feeling the recoil, would you be able to shoot the firearm a few hundred times without feeling pain in your hands?

No

↓  
See if the model that you are shooting  
comes in a larger frame and slide size

Yes

↓  
Congrats!!
