

Lesson 3: Blending In & Assignment Manual © Syndee Rogers

Prepare Your Workspace.

- Open the Plaid Overlay from our last lesson. (File > Open).

Change the Colors

- In the Layers panel, Double-click on each of your Color Fill layers to open up the Color Picker and change them so that they are all the same color. Click OK.

Change the Blend Mode

- In the Layers panel, activate the Horizontal Thin Stripe and change the Blend Mode to Multiply.
- In the Layers panel, activate the Horizontal Thick Stripe and change the Blend Mode to Multiply.

Save Your Overlay

- Save your overlay (File > Save) as a layered PSD file in an easy to find location.

FROM BASIC TO Fabulous ASSIGNMENT

Assignment

- Create a paper with one of the pattern overlays we created in class and use a Blend Mode to come up with a new paper.
- Save your paper (File > Save As) as a layered PSD file, and also save a jpg.
- Share the jpg in our private class Facebook group.
