Want to learn more? You can upgrade from GOLD to PLATINUM at any time by reaching out to us at [vip@jennifermaker.com](mailto:vip@jennifermaker.com) and letting us know you're ready to upgrade!

If you need help anywhere along the way, these are your resources – please use them in this order:

1. Search All Videos – When in doubt, review what you learned in the videos. You can search on exactly the terms you need to know by clicking the "Search All Videos" link at the top of every lesson.

2. [Check Workbooks and Transcripts](#) – Sometimes its easier to find by reading what is written. All units have multiple workbooks for you to read and download – you'll find workbooks at the bottom of pages in your course. Transcripts are available for every video. [Learn how to download a transcript or workbook.](#)
2. [Q&A Center](#) – This is where we put answers to all commonly-asked questions. You should also check the Q&A Center if you get stuck or need more help. Link: <https://cricutcollege.helpscoutdocs.com/>
3. [Play-by-Play Videos](#) – A collection of videos on basic tasks if you need to see how to do something quickly.
4. [Cheat Sheets](#) – A collection of cheat sheets that will help you understand terms and acronyms, keyboard and mouse functions, locations of buttons and menus, and the basic Design Space tasks.
5. [Student Group](#) – Our private group to ask questions, get inspired, and learn from fellow students and Jennifer's team members. To join, go to this [link](#) and use the code word "SHINE." Once accepted in the group, please ask your question in our specific unit question threads to ensure your question is seen:
