Secrets of Terrific Type

Lesson 05-08: Font Combos Challenge

Well, it's time for our last challenge! I hope you've enjoyed all the fun things we created these last lessons.

We just got done making a lot of awesome things, didn't we? I hope you enjoyed going through the step by step process together. But now it's time for you really branch out and create some pieces of word art using font combos all on your own!

And, as always, the challenge is simple. There are no restrictions. Let all that we've learned inspire you to create something new. The only requirement is that you use a font duo or font trio.

And in some ways, this challenge never ends. I hope that you'll take all you have learned and use it to create gorgeous type for every project you work on going forward! Thanks, again, for taking this journey with me. I've enjoyed it so much!
