

## No Greater Love Solo Intro

In this solo guitar study, I've composed a short intro to the tune.

I would play this as an intro, then count the band in and begin the melody after playing this solo section.

You can do the same, or use it for a solo guitar intro, or even as a bridge/interlude in a solo guitar arrangement.

How you decide to use it is all good, so let your creativity go wild.

Have fun learning this 4-bar solo guitar study and expand your No Greater Love skills at the same time.
