

Aperitivo

Aperol Spritz:

Prosecco and Aperol

Ingredients and Tools

Serves 1 person

3 parts (90 ml / 3 fl oz) prosecco
2 parts (60 ml / 2 fl oz) Aperol
1 part (30 ml / 1 fl oz) sparkling or soda water
1 slice fresh orange
ice

wine glass, large
bar spoon (similar to a very long teaspoon)

Important. Choose a prosecco between Extra Brut, Brut, and Extra Dry. The classic one is the Extra Dry. Never use a sweet prosecco like Dry or Demi-Sec.

Procedure

Fill the large wine glass with ice.
Add the prosecco and Aperol. Top with sparkling or soda water.
Gently mix the ice with a spoon from the bottom to the top.

Important. Don't stir vigorously or you will degas the drink!

Garnish with a slice of orange.

Tip. If you are preparing Spritz for more people, combine the ingredients in a pitcher, pour the drink into ice-filled wine glasses, and decorate with a slice of orange.
