

Tips and hints to help you craft a creative nook in your home

An art room in an instant: Get yourself an art cart for an instant and portable art room - wheel it over to a surface and start creating! Have a look at this one for ideas >>

Clear a corner: You don't need LOTS of space, a corner will do nicely, tuck a small table/desk/fold out table into your corner, string up some art work/inspiring images/your mantra and away you go! Just like this >>

Screen off your nook: Consider if you can partition off your creative nook with a decorative folding screen or even a bookshelf as a dividing wall. This has some good examples >>

A cupboard art room: This is a great idea because it doesn't intrude into the rest of the room. If you have a spare cupboard, clear it out, install a fold out/down table and some shelves. You can store your chair in there and decorate the walls of the cupboard with inspiring images/artwork of yours. How cool is this >>

Checklist for your creative nook:

- A surface that can get messy
- drawer/box/bucket for paints/pencils/brushes
- bin
- Some inspiring books nearby
- Your mantra on the wall
- A plant - a plant on your desk can boost your creativity by 15% !
