*Disney: Mickey's Typing Adventure is winner of the TopTen Reviews Bronze Award for Best Typing for Kids Software, 2015.

Students are Taught to Type with Mickey Mouse and Friends

Students are taught all keyboard basics following an age-appropriate Typing Course. Step-by-step lessons, challenges, games, and an exciting Mickey Mouse Enchantment Story motivate students to keep typing their way around Typelandia. They free Mickey's friends from a strange enchantment and must reach the Palace to become the Hero!

Animations with your Favorite Disney Characters!

Typelandia is full of exciting animations of Mickey Mouse and friends. Students will be delighted with Huey, Dewey, Louie and Daisy in the Garden, Donald at the Cottage, Minnie at the Wishing Well, Pluto at the Big Tree, Goofy in the Mine, and more!

Motivating Enchantment Theme—Help Mickey's Friends and be the Hero!

There are strange things happening in Typelandia. A mysterious magical spell is causing all kinds of

problems. Daisy was in the Garden and Minnie was at the Wishing Well when something went wrong. Mickey's friends are in trouble and they need help! Students use the keyboard to type their way around Typelandia. As they learn to type, the keyboard magic will free Mickey's friends from the strange enchantment. Students are the hero—Mickey's friends are counting on them!

Typelandia is an Exciting Place to Learn to Type!

Students begin their adventure in the Village where they can visit Ye Old Magic Shoppe, the Arcade, the Library, and the Academy.

Proven Educational Design

Disney: Mickey's Typing Adventure Web has a proven educational design that teaches students all of the letters on the keyboard as they type their way to each exciting destination in Typelandia! They are taught proper typing posture and finger placement following one of 11 Typing Courses for their age

Solve the mysterious enchantment in Typelandia! Help Mickey's friends make it to the Palace for a sensational celebration at the Faire.

Oh no! Something is not quite right. Donald needs your help! Can you help him?

and skill level. When they pass all the lessons and challenges in each destination in Typelandia, at proficient speed and accuracy, they become touch-typists!

Instant Results Give Students Incentive to Improve Keyboarding Skills

Students get instant feedback on their typing performance. They can see how they did on a lesson, challenge, or game right away. They receive information on each of the following:

- Word per minute (WPM) scores & accuracy percentages
- The results from all typing activities
- Their performance results for key, finger, hand & row
- All results are printable!

Creative Lessons and Exercises Help Students Learn to Type

Step-by-Step Typing Instruction is provided, including proper posture, finger position, and ergonomic features. On-screen guide hands show finger/key placement.

Practice, Practice, Practice!

Typelandia is a fun place to practice typing. Students reinforce finger-to-key memory skills by playing typing games in the Arcade with just the keys they have learned. When they learn the entire keyboard they can practice typing passages from their favorite Disney Stories.

Practice Typing Passages from 10 Disney Stories!

- Pinocchio
- Aladdin
- The Princess and the Frog
- The Lion King
- The Little Mermaid
- Snow White and the Seven Dwarfs
- Tangled
- The Jungle Book
- Beauty and the Beast
- Cinderella

Students begin their Adventure in the Village in Typelandia.

Visit Ye Old Magic Shoppe in the Village. The Shopkeeper joins students in a crystal ball on their journey through Typelandia to guide them.

the mice run across the cottage floor and save the pie from the birds!

Coin Catch

Improve your letter and number skills with this fast-moving game. Practice your speed and type the words accurately before the coins disappear. Catch the coins and earn points!

Run Pluto Run

Reach for keys beyond the home row and race Butch around the course in Run Pluto Run.

Spelunking

Master challenging keys and escape danger in Spelunking, deep in the cave of Von Drake’s Mine. Type words quickly to remove the birds, bats, and creatures before they reach your mining car. The deeper you go in the mine, the harder it is to escape. Look out!

Mickey Mouse and the Pyramid of Peril

Learn speed and accuracy as you type the words quickly and correctly to transform the pyramid to a new color.

Target Typing

Build typing rhythm and master key proficiency skills by typing the targets in the gallery. The more targets you hit, the more points you earn. This challenging game helps you develop your typing speed and accuracy and earn points!

Individual Software—Your Educational Partner

Rich 33-Year History

Individual Software is a leading developer and publisher of award-winning education software for schools and organizations. We empower millions of students at school and home to excel in their daily lives and provide essential computer training and skill development solutions to thousands of K-12 schools. Individual Software is a privately held company headquartered in Livermore, California. To learn more, please visit www.typinginstructor.biz.

Responsive Technical Support

Individual Software is large enough to deliver the most advanced software solutions available today, yet small enough to respond quickly to our customer's needs and desires—a huge advantage!

"The Vice President of Technology for Individual Software travelled from the San Francisco Bay Area to help us customize and modify our older computer system, so we could run the typing software on 620 work stations throughout our School District. My mission is educating students. Individual Software is helping me accomplish my mission."

– Reina Weinstein, Teacher on Special Assignment for Technology
Simi Valley School District, Simi Valley, CA
