

# Hybrid Identities

## Examine Hybrid Identity with Azure AD and AD DS

### Objectives:

At the end of this episode, I will be able to:

1. Integrate Microsoft Azure Active Directory (Azure AD), part of Microsoft Entra, AD DS and Azure AD Domain Services.

### Key Points:

What is meant by hybrid identity?

How do you achieve hybrid identity?

List and discuss the two types of hybrid identity authentication.

Compare and contrast the two methods of managed authentication.

What is meant by synchronization?

What is meant by identity management?

What are some guidelines to keep in mind when it comes to integration?
