

Domain-based Group Policies

Implement Group Policy in Azure AD DS

Objectives:

At the end of this episode, I will be able to:

1. Implement Group Policy in Azure AD DS.

Key Points:

Which tool would you need installed on an Azure AD DS member server to deploy and manage group policies?

How does group policy in Azure AD DS compare to using on-premises?

What are the Azure AD DS default GPOs?

What group membership is required to administer GPOs in Azure AD DS?

How does group policy in Azure AD DS compare to using on-premises?
