

Windows Server and Workload Management Using Azure

Integrate Windows Servers with Defender for Cloud

Objectives:

At the end of this episode, I will be able to:

1. Integrate Windows Servers with Microsoft Defender for Cloud

Key Points:

What is Microsoft Defender for Cloud?

What is the difference between a “free” and a paid plan?

What is the pricing for Microsoft Defender for Cloud if you want the advanced management features?

How is data collected for Microsoft Defender for Cloud?

List and discuss the steps for upgrading Microsoft Defender for Cloud.

Discuss the Recommendations blade in Azure's Microsoft Defender for Cloud.
