

# Active Directory Domain Services (AD DS) Security Principals

## Create and Manage Users in AD DS

### Objectives:

At the end of this episode, I will be able to:

1. Create and manage AD DS users.

### Key Points:

Which AD tool should you use to create and manage user accounts?

List and discuss the steps for creating a user account.

List and discuss the tabs that are available when you right-click a user account and select Properties.
