

Active Directory Domain Services (AD DS) Domain Controllers

Pre-Stage a RODC

Objectives:

At the end of this episode, I will be able to:

1. Demonstrate pre-staging a RODC.

Key Points:

Which tool should you use to pre-stage a(n) RODC?

List the steps and configuration options for pre-staging a(n) RODC.

Discuss why you would consider deploying a(n) RODC as both a DNS server and global catalog server.
