FEATURING YOUR DIGITAL CREDENTIAL on LinkedIn

Congratulations on completing Your micro-credential and earning your digital badge! You've worked hard to earn it so now it's time to showcase it on LinkedIn and other social media channels.

1. RECEIVING YOUR DIGITAL BADGE

- You will receive an email from Badgr to advise you that you've earned a badge.
- 2. Select <CREATE ACCOUNT>. This is a free sign up service so you can post the badge on LinkedIn with the hyperlink and image.
- 3. The <DOWNLOAD> option enables you to download the digital badge image if you'd like to add it to your resume, email signature or other documentation.

2. SHARE IT ON LINKEDIN

Example of how a badge is shared on LinkedIn.
/ery excited to share my digital badge showcasing my Certifcate in Agile Change Leadership. The program exceeded my expectations - it was practical and flexible and encouraged self reflection and experimentation. I learnt several new concepts and skills and look forward to sharing those in 2020.

3. RECORD COMPLETION OF YOUR CREDENTIAL IN YOUR PROFILE

1.	In your LinkedIn profile, scroll down to section "Licenses &
	Certifications".

- 2. Select the + sign to add your certification.
- 3. In the field "Issuing Organization", start to type in "Change Hacks" and our logo will appear for you to select.
