

WELCOME TO THE WORLD OF TAROT!

This is your personal tarot reading by Sinead Fine from Tarot for Women. Once you have read below, you can contact me **once** for any clarification on the reading and I will be happy to assist. Remember to tell me your full name and the question so I can find your file, as I do email readings every day.

HOW I READ TAROT CARDS

I am a very practical tarot reader. I want a person to feel by the end of the reading that they know what is going on, what may potentially happen and ways to empower themselves. I therefore give tarot readings with clear messages and guidance. I want you to understand the reading and not feel confused.

Tarot is an excellent guidance tool and this is primarily how I use it. I do not believe the future is set in concrete – in fact I believe that it has not

been created yet. However, we are creatures of habit and tarot is a very good way to show **what is likely to happen**.

I am psychic, empathic and I also channel BUT I want you to utilize the advice today so I like to keep my readings practical and grounded. I sometimes recommend videos, books, websites or people if I feel you may benefit and I have no affiliates with what I recommend.

I create sacred space by lighting a candle, playing some gentle music in the background and meditating calling on my guides and inner wisdom to be with me. I tune into who you are and when I feel ready I begin.

WHAT TO EXPECT FROM THIS TAROT READING

I will answer your question to the best of my ability. I will make sure your question is answered and I will be honest about what cards come up. You will get the full reading transcript below and a picture of the card spread. Generally I never need to use more than 4 – 6 cards for a question. On request I can also do specific spreads such as The Celtic Cross spread.
