

Counting On and Back Resource Instructions

This is for an adult to prepare

For extra durability, print the number finder onto thin card.
This resource can be used with the 'Before, After and Between
Number Finder' counting strip.

Separate the 'Counting On' and 'Counting Back' resources, and cut
along the dotted lines to create a window, a long flap away from
that window, and slits at either end to feed the number strip into.
Fold each segment on the long flap along the solid lines

Counting On and Back
Resource Instructions

If you feed the strip into each slit that you have made, you can create a sliding number line along your counting on and counting back resource.
