

The link below will direct you to the **Photography Shot List** template. You will also find basic instructions for editing your document.

If you do not have a Canva account, you can create a free account to save the template so you can make changes to it anytime.

CLICK HERE
to access the template

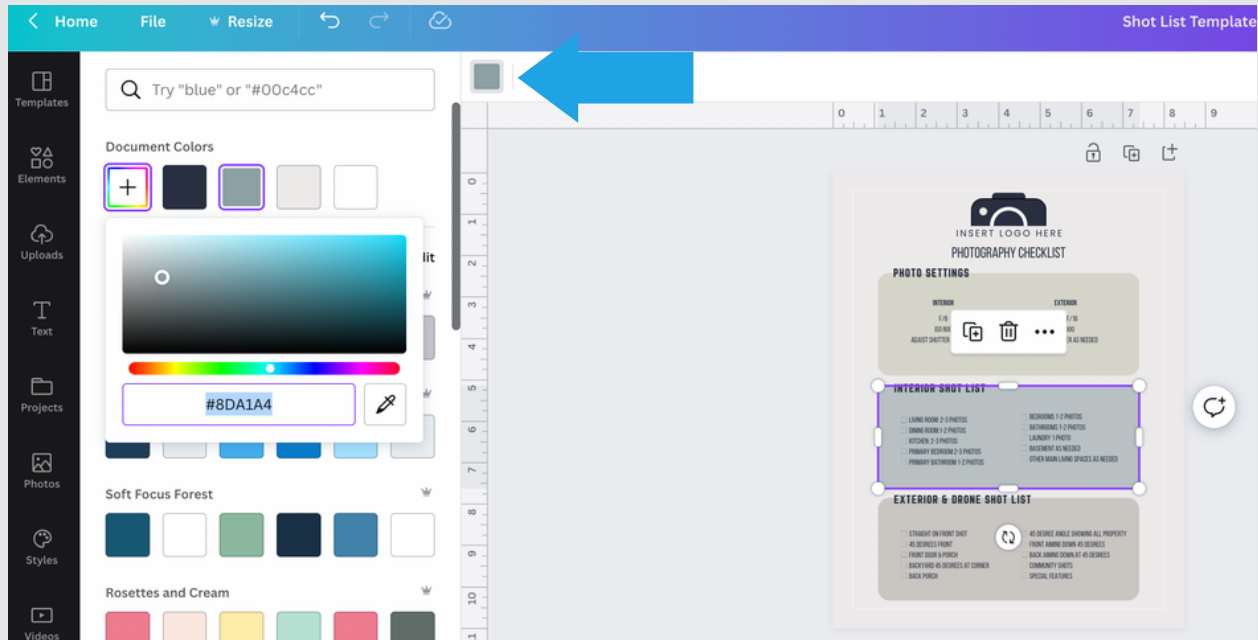

Add Your Logo

1. Select the logo placeholder and press delete.
2. Upload your logo. Drag and resize to fit and arrange on your page.

Changing Text, Color, & Fonts

1. To change the color of the background or any of the elements or that contain text, click the area first and then click on the color changing icon in the top left corner.
2. To change fonts or the text, click the text you would like to change. You will see fonts also in the top left corner.

Downloading

- Click **Share** in the top right corner and then **Download**.
- Choose PDF as your download option.
- You can edit this template as many times as you'd like as your business grows.
