About Me & My Business

Our first step in getting started is to tell me a little bit about you so I have a better idea of where you are now and where you are going. Please save this worksheet to your desktop first before, then continue on to fill in the fields below. Complete instructions are below to help guide you with this fillable PDF.

You must have the most recent version of Adobe Reader installed on your computer which will allow you to type inside the text boxes in the PDFs and save your work. When you open a new worksheet or any editable PDF, download and SAVE it to your own computer with a new title before you begin typing responses into the module. Save your work periodically to ensure nothing is lost.
