

Technical Notification 282

Dated: June 30, 2022

Updated: Aug. 18, 2022

Re: Excel Competitions

As of July 1, 2022, through ~~August 31, 2022~~ December 31, 2022, all Excel competitions will continue to use 2021-2022 Excel Program Elements and follow the 2021-2022 Excel Technical Information Handbook, with the following exceptions:

- Spin criteria from ISU Communication #2474 will be applied by the technical panel to determine spin level.
- Rotational and edge errors and any associated V and base values will be applied as per ISU Communication #2474 and #2475.
- Step sequence criteria from ISU Communication #2474 will be applied by the technical panel to determine level.
- The definition of a jump sequence and value of the sequence will be applied as per ISU Communication #2474.

Please note: This does not apply to the 2022 Excel National Final and Festival. The 2022 Excel National Final and Festival will be held using the 2021-2022 Excel Technical Information Handbook. The event will be judged and levels will be assigned in the same manner as throughout the 2022 Excel Series utilizing ISU communication #2324.
