# 3-6 GUIDE (DECEMBER)

# WELCOME TO OUR MTA COMMUNITY

---

Our aim is to enjoy our planning journey together in one community where you can have all the plans, guidance, peers, and resources you need for this journey.

I kindly request you to ensure that all the resources in our MTA club are only used by the member who signed up for the club. All the resources can be used for a single class or personal use that doesn't include any commercial benefit or reproducing them in any sort of way. You may not take any part of these documents to add them to another personal, school or commercial document. If you have any special request please send an email to **info@montessoritubeacademy.com** and we are happy to support.

**LET'S START OUR  
JOURNEY!**

# SENSORIAL AREA

## December's Overview

**This month in the Sensorial area we will work with the child on activities that refine the auditory sense and we will also work on some exercises that refine the tactile and touch sense.**

- Sound Cylinders (Discrimination of Sound)
- Geometric Solids (Discrimination of Form)
- Touch boards (Tactile Discrimination)

# SENSORIAL SCOPE AND SEQUENCE FOR DECEMBER BY AGE

3-4

- Introduce the sound cylinders without grading.
- Introduce the touch boards.
- Review the Geometric solids (Three period name lesson).

4-5

- Introduce the sound cylinders with matching and grading.
- Introduce the touch boards with matching.
- Review the Geometric solids (Three period name lesson).

5-6

- Introduce the sound cylinders with matching and grading.
- Describe and compare between different touch boards using the adjectives (rough, rougher, roughest) and (smooth, smoother, smoothest).
- Work with all the geometric solids with a blindfold and mystery bag.
