smile at introduction

eye contact

age-appropriate closeness, touch, engagement

familiarity, body language appears comfortable

Other: _____

Session stopped for re-direction: _____ Yes No

Details of interrupted visit are provided in chronological, if applicable.

Chronological details of visit: Dad and girls arrived at 10:51 am. Girls transitioned to Monitor with no apparent issues. Mom arrived at 11:00 am. Mom brought a lunch cooler and bags of items. All went to a pic-nic table. Mom got grapes, crackers, sandwiches, yogurt, oranges and tea from her bag. All moved to a bench. Both girls told mom, "Thank you." All talked about Star's school carnival and Ocean's trip to Washington, the guinea pig, Mom's new job, Spiderman, and why Ocean hates boys.

All walked over to the play area and played on structures. All talked about a boy named Josh and Ocean's weight. Mom told Star not to take off her shoes. Star told Mom she's too old to climb the rock wall. Star could not climb the rock wall. Mom tried to help her. Star yelled at Mom, "Stop- don't touch me!" Star climbed the wall. Mom climbed the wall.

Star rolled around in the bark and said "Ocean pushed me." Ocean ate more candy. Mom told her to stop. Mom sang. Star threw bark at Mom. Ocean called a little boy evil for throwing a ball at her. Mom told her to stop. Mom touched Ocean's face. Ocean said Mom has an addiction to popping zits. Star played with another child (the 'evil' one). Ocean offered Mom a granola bar. Mom and Ocean talked about Star's facial. Mom leaned her face to Ocean. Ocean said, "That is too close for comfort" and pushed Mom away while laughing. Mom laughed and leaned in again.

Star took a drink of Mom's Rockstar drink. Mom told her no. Star continued to drink. Mom told her to listen. Mom and Star did a hand clapping song. Mom poked Ocean's stomach and tickled Star. Star poked Ocean's sandwich. Mom told Star to stop. Star rolled her eyes and told Mom she poked the sandwich because Mom tickled her. Star argued with Mom about poking the sandwich. Star tried to play hand-clapping again. Mom said she did not want to play and that Star would have a time out now if she was at home. Monitor stated to Mom that Star could take a time out. (She did not.) Ocean took Mom's phone and said she was taking a selfie. Mom asked for the phone back. All talked about snowballs and Star forced a very loud laugh. Mom looked at photos. Star said, "You suck" to Mom. Mom said, "What happened to my sweet girl?" Mom talked to the other child that was playing at the park. Star told her to stop.

Mom tickled Star and hugged her. Ocean said, "Mom, that doesn't look right." Ocean ate more candy. Mom hit Star's rear. Star said, "You touched my butt." Mom asked girls if they would walk to the

bathroom for her. Mom said she has social anxiety. Ocean said she's being mocked by that comment. Mom and Ocean tickled each other; play fighting. Monitor asked Ocean not laugh with candy in her mouth due to choking hazard. All talked about hand signs that mean, "gang gang" and Star said "it means the f word." Mom did not react to the comment and asked girls to play on monkey bars. Star lay down on the ground and said she fell. Mom tickled Star. Star screamed. Mom asked Star if she washed her hair today. Star said yes but she used conditioner twice. Ocean asked Mom is she is ticklish and tickled Mom. Star asked Mom to hold her feet so she could do sit ups.

Mom told girls to help carry bags. Star said, "No." Mom said she would talk to Dad about a time out. Ocean and Star picked up bags. All walked to Mom's car. Star told Mom to do the titanic pose. Mom stood behind Star. All danced. Ocean asked, "Can we be done with this? Not you, but dancing". Mom asked for a hug. Each girl hugged Mom. Mom kissed each girl and said, "I love you."

Post visit and/or exchange, if applicable: ___ Dad arrived at 1:10. Monitor walked girls to Dad's car. Girls transitioned to Dad and Lisa with no apparent incident.
