## Secrets of Terrific Type

### Lesson 02-15: Scale Challenge

Now that you better understand Scale, it's time for another challenge!

We just finished creating a postcard together using Scale. Now it's time for you to branch out and try making something for yourself!

Feel free to make anything you want. Use what you've learned about Scale to get your creative juices flowing. The only requirement for this challenge is to adjust the Scale of your type in some way.

So, take your time. Enjoy the creative process and if you want, make more than one scale project.

### Scale Challenge Ideas

Here are a few ideas to help you get started:

1. Create your own postcard using Scale to make sure the type all fits.
2. Make a background paper using words from the same font while using different Scales.
3. Make a word art element where you use Scale in some way.
4. Make a funky title where you change the scale of each letter.
