

Digital Collage Workshop Supplies & Information

• Copyright Eni Oken 2022 • enioken.com

Welcome! This is what you'll need for the workshop

- iPad with Procreate installed <https://procreate.art/>
- Paper-like screenprotector over iPad (any brand will do, I use Arxon brand. Make sure the protector is the CORRECT size for your iPad.
- Apple Pencil or other digital stylus compatible with Procreate
- Two or more tangled, abstract black and white drawings of your own. It's best to have more so you can pick and choose. Unfinished drawings are also ok!
- Basic technical knowledge of Procreate required, this is an intense workshop not suitable for absolute beginners. If needed, review the class [Digital Tangling Intro](#) to brush up your skills. Members of my [Art Club](#) receive this class for free as part of their registration.
- A second device to watch the live zoom class. Phones are not recommended since the screen is too small.
- Your Zoom link, to attend the meeting. An email has already been sent to you with your personalized link. IMPORTANT: If you lose your link, please contact Eni 24 to 40 hours in advance!!! Workshop day emails will not be answered.

Frequently Asked Questions about Supplies and more

I have little experience using Procreate. Is this workshop appropriate for me?

This is an advanced workshop, so some basic experience is required to participate. If you have completed my online class [Digital Tangling Intro](#), you'll be able to participate. Members of my [Art Club](#) receive that class for free when signing up for the workshop!

How long does it take to complete a digital collage?

These collages can take many hours to complete, not including the time it took to create the original drawings - typically between 5 to 7 hours for me. That's why I created this entire weekend workshop!

Why do I need a paper-like screen protector and what is the best brand?

The surface of the iPad is too slippery to draw directly. The "paper-like" screen protector will make the screen a little more like fine sandpaper, making it easier to use the stylus. In my experience, there is little difference between brands, just make sure you get the right size for your iPad model. The screen protector will not damage your iPad.

Do I really need an Apple Pencil to draw on the iPad?

You will need some kind of pressure sensitive digital stylus to draw with. It does not have to be Apple, but in my experience, the Apple pencil is very superior to other brands.

Will there be any traditional pen over paper drawing in this workshop?

No, all drawing and shading will be digitally done in Procreate. Please bring a selection of your own black and white drawings to choose from.

What kind of pictures should I bring to collage?

Choose preferably **non-symmetric**, black and white, non-figurative (abstract) tangled pictures. Choose pictures that are small enough to be photographed with the iPad.

Must all pictures I bring be completed?

You can use INCOMPLETE pictures and even doodles too! The results of a digital collage are very unexpected and sometimes a less-than-loved picture can complement another one nicely.

Can I use pictures from other people or created in a different class to do the collage?

No, please bring **ONLY YOUR OWN ORIGINAL** artwork. Make sure your drawings are your own and not created from a class with another teacher. If you are one of my students, you may use artwork created in one my classes. Please be aware of copyrights!

Can I bring artwork done in color?

In this workshop we will only work in black and white. Even if you bring colored pictures, they will be converted to black, white and grayscale.

Frequently Asked Questions - Other information

If I miss a session, will I get a recording of this workshop?

Yes, the sessions will be recorded and you will get access to the recordings to view later through my school on Teachable. Recordings are typically available a week after the workshop.

Will you offer the recordings for sale after the workshop is over?

Yes, the recordings will be converted into a digital video product sold through my Shop. The cost of the video class will be \$299.

What is your cancellation and refund policy?

If you cancel before March 1, 2022: You'll get a full refund (taxes are included in sign up).

If you cancel between March 2 and March 25, 2022: You'll get a full refund minus \$50 deposit fee.

If you cancel after March 25, 2022: No refunds available.

Why is my shopping cart showing more than the price advertised?

Taxes are generally added to your final sales cost. The rate of taxes depends on your location.

Will I get a refund if I run into technical difficulties during the workshop?

The workshop will be recorded, so if you run into difficulties you can watch the videos later. No refunds are granted due to technical issues on your side, such as slow internet, interrupted internet service, loss of Zoom link, incorrect time conversion, etc.

Can I get a refund if the workshop is too difficult for me?

Unfortunately no. This is an advanced and intense workshop, so please make sure you are prepared and technically able to attend.

What happens if there are other technical difficulties on your side?

If there are difficulties or issues on my side and the workshop needs to be completely rescheduled before starting, I will offer students a full refund for those who wish it. If the workshop is interrupted halfway, I will record the class offline and post the recordings at my school, in which case no refund is offered.

Where will I find the recordings and other materials such as PDFs?

You will find all your content at Eni's Teachable school. Visit <https://enioken.teachable.com> and login using the same email you used to sign up.

How do I get my Zoom link to attend the workshop?

An email has already been sent to you with your personalized Zoom link. **If you lose your link, please make sure to request a new one at least 24 to 48 hours in advance, or you could miss out.**

How can I reach you if I run into difficulties?

[Contact me](#) and I will direct you to the appropriate link to get your discounted price.
