***Activating the Holy Spirit in Your Life* with Dr. Keith Ellis**  
**(Session One)**

Hi, I'm Dr. Keith Ellis and we're here today to do a teaching on the wonderful Holy Spirit. The title of this thing is that we're going to be teaching on, this particular session #1 is going to be such a blessing to so many people around the world. Because God has been dealing with me about the Holy Spirit for some time. And as you see behind me, it says here; [music ends] Dr. Keith Ellis, Heavenly Helper, Activating the Holy Spirit in Your Life.

And today, what I want to do is, I want to talk about the Holy Spirit., one of my best friends in the whole world. And I want to teach how to Activate Him in your life. He's a person. He wants to help you; He's kind, loving. He's with you all the time and He's going to bless you as we begin this teaching today.

I think somebody today is going to get a Miracle in their life, a breakthrough. There is going to come, a change, simply because you're going to have an understanding of who the Holy Spirit is, and what He wants to do in your life. The Lord brought me here today with a Scripture on my heart, and I want to begin it. it's in the Book of Acts, and these are the 'Acts' of the Holy Spirit. In Acts, chapter 2, it says; "And when the day of Pentecost was fully come, they were all with one accord in one place. And suddenly...." The Holy Spirit loves to do sudden things in our life. In my life and other people's life that I talk to all the time. He loves to do sudden things. And I believe, we're in, the time and a season on this earth where we're going to begin to see the Holy Spirit move in sudden ways that we have never seen before in the history of time. I believe we're going to see a move of God, a Revival of God that suddenly happens of signs, wonders, and Miracle, where people are saved and filled with the Holy Spirit.

We're going to be teaching you about that and how to enter into that, and how to Activate that in your life. Some of you are in for the time of your life. It's going to be the greatest moments that you've ever had. The greatest Miracles that you've ever seen. The greatest fellowship that you've ever experienced as you begin to experience the same person, that I do on a daily basis. The wonderful Holy Spirit. He's my best friend, and many times we spend hours talking this. I'm

telling you the truth, talking. I listen, and He talks to me and then I talk back. And I want that to become a way of life for you. that you could enjoy it.

So, the Bible says here when you look here at Acts, chapter 2. And when the day of Pentecost was fully come, they were all with one accord in one place. And suddenly there came a sound from Heaven as of a rushing mighty wind, and it filled all the house where they were sitting. And there appeared unto them cloven tongues like as of fire, and it sat upon each of them. and they were all filled with the Holy Ghost and began to speak with other tongues, as the Spirit gave them utterance. And there were dwelling in Jerusalem Jews, devout men, out of every nation under Heaven. Now when this was noised abroad, the multitude came together and were confounded, because that every man heard them speak in his own language. And they were all amazed and marveled, saying to another, behold, are not all these which speak Galileans? And how hear we every man in our own tongue, wherein we were born?"

Now, a great move of God began in here with the Holy Spirit. Jesus had talked about that He had to go away, and when He would go away, the Comforter would come. The Holy Spirit would be One just like Him that would come and begin to walk with the Disciples and the people of God. and thank God, on that day, when that day really happened in the Book of Acts, when that power came, it changed the world forever. Jesus was limited on this earth. He could only be at one place at one time. And His life really began to change, after He was 30 years old when He was Baptized in the River Jordan.

He had no Miracles up until that time, and when the Heavens opened up, and the Holy Spirit descended upon him like a Dove, and things began to change in His life in a very powerful wonderful way. And as that Divine person, the Third Person of the Trinity, the Holy Spirit came upon His life, and things began to happen. I believe that when you receive the baptism of the Holy Spirit, things begin to change in your life. 'Great Power', 'Great Ability', and 'Great Gifts', come in your life. And in these sessions, we're going to be teaching you how to have that ability. How to have that power, how to have that Miracle.

There is an Anointing flowing right now, it just came in here now like I've never felt before as the mighty Holy Spirit loves for me to talk about Him. And when I do, He just comes in. I can feel Him right now. In fact, somebody even watching this and listening to this right now, I see it in the Spirit because I am a Prophetic Seer. I operate in all the Gifts of the Holy Spirit.

And as I was looking right now, I saw somebody with a Respiratory Condition being healed that's watching this. The Mighty Holy Spirit is so excited because I'm letting Him out in this place. This Studio that we're in. And I believe, you're going to see a great change. It's going to be a sudden change. You're going to be amazed at what God does in that Respiratory System.

Also, what I saw just then, just clear as a bell. It was just so clear. And as I saw a person with a bad knee. And this knee has been causing them great problems. I see the inflammation in that knee, and the s the operation of the Gift of the Holy Spirit, the Word of Knowledge. I'm seeing in the Spirit now, and I'm seeing very well. And I see that there behind the scene, there is some fluid. There's some actual, there is some damage still in this knee. There's some real redness in this knee. And I want to tell you something. God right now is healing that knee. We're going to get a testimony off that knee and off that Respiratory Infection.

And also, there is someone being troubled by a Spirit. This Spirit comes and it's not a 'Holy' Spirit, it's not a good Spirit, but it's a Spirit from the enemy. And I want to say this right now. I feel this from the Holy Spirit; because of this great Anointing that is here right now. I mean it is flowing in this Studio. I mean anything can happen when this kind of power comes. The power that came on the Day of Pentecost.

And I want to tell you something, that Spirit is bound, and it's going to the feet of Jesus. And it's time of aggravating and troubling and agitation whoever I'm talking to; it's going to be gone. There is going to be brain fog that's going to leave, where you've been having a hard time thinking and doing the things you want to do. Your mind is going to become alerted and from what I'm seeing, you're going to be so quick as the Holy Spirit begins to quicken things in your life.

So, what we're seeing here today has already begun. You know I mean I'm a Prophetic Seer, that was what I was prophesied over many times as a young boy coming up. You know I came, and this was the Scripture that was given to me. it was found in 1st Samuel chapter 3, verse 19 and 1st Samuel chapter 4, verse 1. " And Samuel grew, and the Lord was with him, and did let none of his words fall to the ground. And all Israel from Dan even to Beersheba knew that Samuel was established to be a Prophet of the Lord."

And I want to tell you this. God is already starting to tell me that He's Activating people right now. I'm going to pray activation during these sessions. I'm going to pray for you to be filled with the Holy Spirit and Baptized in the Holy Spirit. I'm going to pray for you to have your prayers language. I'm going to pray for all the Gifts will be resident in you. you'll move in signs and wonders and Miracles for this End-Time Revival.

But what I know more than anything else, that's just like God gave me that Samuel Anointing. Many Prophets said that to me. from the time I was 5, I began to have those dreams and encounters, and you know what. What they said, over me has happened, in my life. And when the Lord gives me a dream, it's 100%, and my words do not fall to the ground. And I have been established over the years. In fact, I just want to say this. The last few weeks, so many Prophetic words, some overnight have come to pass that I've given to people all over the country. So, I want to say, this is something that God has provided for us for today. It happened on the day of Pentecost when the Holy Spirit came. Jesus had gone away. He had invited, you know He had appeared to over 500, or 500 Brethren at one time. And invited them into this experience, and we find that only 120 went to that Upper Room, so others thought that, "Well maybe, I don't need it now, but right now, maybe, I'm busy.

But there was 120 that went to the Upper Room, and they tarried. They stayed; they believed what Jesus said. And you know what? When that time had fully come, 10 days later, they were praying. They didn't know the hour, or the time, or the day. They just knew to stay in that place until they were endued with power from on high. And you know what? You get to thinking about that, you remember how Jesus, Himself; you know, He lived for 30 years, and He didn't do any

Miracles. You know, he was just Jesus. He was loving, He was working, He was doing what He... And then all of a sudden one day, He was led.

And you know, He was in the River Jordan. He was being Baptized and the Heavens opened up and suddenly, that particular moment of time, after He had waited. We find out that the Spirit of God descended on Him, the Holy Spirit like a Dove, and remained. And I want to say this. You see the same thing happened, He's telling them, "Now you go. And you go to this Upper Room in Jerusalem, and you wait." And you wait on the 'Promise' that the Father's given; the Gift of the Holy Spirit. And they did just like Jesus did. They didn't have to wait 30 years, but they waited 10 days, you know; in that Upper Room.

And they were in there waiting and believing, and hanging on, and praying. I don't know what they were doing the moment He came, but when He came, everybody knew it. It affected everybody in that room. They would never be the same again. And when you got a Heavenly Helper helping you in your life, when you know that you've got the greatest power on earth living on the inside of you. I mean there is nothing on this planet more powerful than the power of the Holy Spirit. He is the one that comes to this planet. He's the One that comes inside of you when you ask Jesus into your heart. He's the One that gives you the power to endure, the power to go through things, the power of direction. He's the One that sustains us in very hard times, and He's the greatest power on the planet.

If you begin in the Book of Genesis, you find out that in the very beginning, you know, the first Book of the Bible. Who do we find there? We find in the very beginning, there was chaos. The earth was in chaos., it was void, it was dark. And the Holy Spirit is moving, just like He's moving in the Studio right now.

I believe things are happening in the Studio, that even right now, and across this network. I believe things are happening right now that you thought were impossible. You did not realize that I would be here today and be Prophesying to you and talking about the Holy Spirit, our Heavenly Helper who's come to Activate things in our life. One thing He's Activating is; Somebody's going to live a long life. Somebody is going to be healed. in fact, I think they're

going to be renewed like the eagle, or their youth is going to start getting, I mean they're going to start getting vitality. I just feel strength coming into someone right now by the powerful Holy Spirit.

And Jesus, you know what He did? He waited, and He was waiting on God's timing, and He goes to the River Jordan, and the Heaven's open up. And you know, the Father said, "This is my Son, in whom I'm well pleased." And the Holy Spirit descended like a dove. He gently came upon him. And you know, the Bible teaches us, that is not by power, but it's by my Spirit. This Holy Spirit, this Heavenly Helper; thus, says the Lord. and I believe, you're about to see such a change in your life, I really feel like this to the students that are listening to this. To the people who are trying to grasp this and get a hold of this. There are so many things that the Holy Spirit wants to do in your life.

I was just thinking as I was standing here, how my wife is in this audience today, and how that 7 years ago, my wife had 20 minutes to live. In the Emergency Room with a team of Doctors; 20 minutes was all she had. They said, "Get your children here quick, your wife, you know, her blood pressure's gone to nothing. She only has 20 minutes to live. Her hemoglobin is the lowest we've ever seen and still be living." You know what? In that room, those Doctors all shaking their heads and walking away. They said, "This is it, this is it!" And you know, "This is it; it's over for her." My wife's; something came up inside of her, and it was the Holy Spirit that lives inside. It rose up and she said a Scripture, "I will live and not die and declare the works of the Lord." And you know what? I turned around and listened to what she said, and listened to what they are saying, And they were shocked, and she just kept saying it.

And that night, my wife said that over a thousand times. When she couldn't and got so weak, she couldn't even speak anymore, she thought the word. And God knows our thoughts; the Holy Spirit knows our thoughts. And she thought the word, and over a thousand times. And you know what? Now here it is, 7 years later. She has got better and better, and better and better. As a matter of fact, she drove me quite a few hours to get here today. Because God, the Holy Spirit; the Holy Spirit that's on this earth, He's the performer. He performs what's going on in our lives.

When we see these great Miracles that we see. I saw the other night, a blind person's eye open. When we see people, that are totally deaf like the man. I put my hands on his ears, and "Pow, pow", he could hear it. He said, the noise is so loud, I've never been able to hear. When we see that person, like the man who was in the wheelchair. And he had all these veins in his legs because of an accident; were gone. He had no flow, no blood flow, and suddenly they're recreated.

When we see the man that was cut in two from Cancer in the Prostate, and he had no feeling from his waist down. And I walked and said, "The Holy Spirit that's on me and upon me is coming upon you." And then, the other night in a store, a man tapped me on the shoulder. And I turned around, and there stood that man that the Holy Spirit had raised him up just like that same power that raised Jesus from the dead is going to raise some of you up.

I believe those of you that have been let down are about to be lifted up. I believe that those of you that have been discouraged are about to be encouraged. I believe those of you that have been just weak in your body, "Let the weak say 'I am strong'" because you have the greatest power in the world on the planet inside you. And that power inside you just wants you to let Him out. And you know, that's what I've learned about the Holy Spirit. Is every day I get alone with the Holy Spirit and He's my friend. And He has a voice, and He talks to me and I talk back to Him. And He tells me the secret and the mysteries about the things of God.

He reveals it to His Servants the Prophets, but He also He reveals it to other people. I was in a service not long ago in a church that had a huge prayer line for me to pray for the people. I'm not the healer, I'm not the Miracle worker. But the One that lives inside me is the healer and the Miracle worker. They brought a man before me. He was paralyzed and one of his eyes was totally gone. Totally blind, couldn't see anything. His face was hanging down, and I felt the Holy Spirit come just like if feel Him right here. Just this Heavenly Helper came and began to Activate me from the inside. I had yielded to Him for about a 3 day fast, and as I yielded, He began to work through me. In the Old Testament, we read that the Holy Spirit was busy, but He came on the outside of people.

In the New Testament the Holy Spirit dwells within us, this Heavenly Helper. We've got help on board. If we would just realize that we have so much help on the inside of us. And He wants to get out. And He wants to help others. And I'm so thankful that as I was in that service, I could feel Him moving out of me with such great power and glory. I mean great faith came upon me because He's a faith igniter. That's one thing He does, is bring great faith in our life.

And I looked at this man, and I walked up to him. And I said, "I command the blind eye to open. I command the paralyzes just to leave where this whole side isn't working anymore. I command your face to straighten up." And I looked at the man who was no better, but inside me, I heard the voice of the Holy Spirit, and said, "You keep praying down the line. I'm moving now. I'll take care of this."

Many times, I see the Holy Spirit, I'll say, "In thirty seconds you'll be healed. In twenty seconds you'll be healed. In one minute with God, you'll be healed; In one second." I've said a lot of times, "In one second" and it happens over and over again because I hear the Holy Spirit's Voice. I've made a lifetime of communicating and building a relationship and a friendship with the Holy Spirit. So, he works in my life that way.

It's like a marriage, a husband, and wife. They have to communicate. They begin to know each other. And that's the way I've worked my life, working with the Holy Spirit. And he wants me to know him. He wants me to yield to Him. And every day I get up, and I repent because I believe, that's one of the greatest keys, in the world.

(#1 Key – REPENT) If we confess our sins, He's faithful and just to forgive us and cleanse us from all unrighteousness." 1 John 1:9

And so, I get up every day, the first thing I do. "Lord, if I've sinned against You, or whether I have not, I just want to repent. I just want to start the day off with Repentance.

(#2 Key – HOLY SPIRIT FILL ME) The second thing I do, is I say, "Holy Spirit, I want you to fill me fresh today. I've just had nothing. Lord, I just want to feel You. I want to; fill me to the top. Lord, just let me be running through these Rivers of Living Water will flow out of me. And

you know what He does? He does. And then I just get real still and I listen to Him. David went in and sat before the Lord. And I'd go in, and I'd just sit before the Lord. Holy Spirit you're here, You're God, You're inside me. I'm the Temple of the Holy Spirit that Paul talked about. "Now Lord, speak for your servant here!" And I just wait. Sometimes He speaks to me within minutes. Sometimes it may take an hour, 2 hours and so I wait till I make sure that I have the time because I don't want to leave till I hear a word from Him. And if you press in like that long enough, you'll begin to hear the voice, that sweet kind loving, gentle voice of the Holy Spirit. And so I'm standing in front of this guy. I said the prayer that I knew; quietly said it. I didn't scream, or jump around, or holler. And that's fine, if that's what you do, that's just not what I do. I just said a prayer. And I didn't see anything, so I just looked inward into me. And I kind of looked inside, and I said, "Lord, Holy Spirit, is there anything I'm missing?" He said, "Just keep praying. A lot of people are waiting on you. Keep praying. This one will be fine."

And so, I went down and prayed for lines of people. And then I finished, and I went back, and I was going to preach a message. And as I got, I was preaching; "I would like for everybody in here just to come and shake hands and especially with all the sick people here; many were healed. Some of them haven't gotten theirs yet, but they will. And this is what happened. I saw a little bitty boy, just a little boy; and I saw him walk over to the man that I had prayed for that had the blind eye, the drawn face, he was paralyzed on one side.

And I could hear him over the crowd as they were shaking hands and fellowshiping. And the little boy said to the man. He said, "So you didn't get healed yet?" And he was just a little bitty boy, and the man just shook his head, No. He said, "Well, don't worry, because, in just a minute, you're going to be totally healed!" You know, this little boy, I had led this little boy to the Lord. This little boy had gotten filled with the Holy Spirit. And so, what I didn't pick up this little; see God...can take out of the mouth of Babes. God could take a little child, that had been Born-Again, accepted Jesus, ("Blessed are the Pure in heart, for they shall see God") took this little boy to bring a Prophetic word.

When he said that, the man could hardly smile, because his face was so, but he had a little grin. And I saw a sparkle come in his eyes. So, I just left it alone. He said, "You know you will be

healed because the Holy Spirit is in here." And everybody was talking about the Holy Spirit's power, just like it's in this Studio right now. And you know what happened?

I was preaching along, and all of a sudden, the man that was paralyzed just stood up. And as he stood up, his face straightened up. And as his face straightened up, his blind eye opened, and he began to cry out to God. And he said, "I want to thank the Holy Spirit. Something warm just blew upon me and came through me. And immediately, I knew I was healed. Immediately my eye began to come into focus that's been blind. Immediately my face began to straighten up." And that man began to walk around and give God the glory and God the thanks.

If you want the Holy Spirit to begin to move in your life, I believe one key is for me.

(Key #3 BE EXCITED) Is that you got to be excited about the Holy Spirit. You got to realize that you've got somebody; you know He's on board, in your life. Somebody that's got the power to do anything you need, anytime day or night. He never leaves you, He never forsakes. He's with you all the time. He's there right with us, to go with us.

On the day of Pentecost when that time fully came, you know Jesus waited 30 years. And then His time came, in the River Jordan. And then He tells them to wait. He says, "You go wait, it's your turn now." He's given them. He knows what He did. He waited until the right time. I believe it's somebody's right time right now.

I really believe it's your right time for a Miracle. I believe it's a right time for a season change in your life. I believe it's the right time to mate healed. I believe it's the right time to get a financial breakthrough. I believe it's the right time right now, and I'm teaching under a mighty Anointing that's falling all over me. It's coming from within me, and I know you're feeling it right out there. Because I love this about the Holy Spirit, because the more I get to know Him, the more I get to understand Him. That He, He has emotions, and He has feelings. And you know what? He can be touched with the feeling of our infirmity. I mean, He knows what we're going through.

And the more I get to know Him, you know one day I was having kind of a bad day, and I was like, "Lord!" You know, "Holy Spirit, I'm going through this." And He said, "I'm going through it with you." And boy, that just got me so encouraged. He said, "I'm here with you, right here!" It was just like, "Woah, that still small voice just came up, 'I'm going through it with you, and everything's going to be alright. Everything's is going to be fine.'" That's the kind of person that we have on board.

This Divine Heavenly Helper, this Divine Heavenly Helper that's being Activated right now in your life. Some of you are feeling a warmth on you right now. I mean, I literally feel it on me. Some of you are feeling a wind blowing on you. some of you are feeling a shaking or a power. you know, all these kinds of things happen. Different people, different ways, but this Holy Spirit works with our personality; the way we are. I've seen people sit there because the Holy Spirit is so personal. I've seen Him go to people that didn't like raising their hands or shouting.

But I've seen Him gently go and touch that person and they come up to me after everybody was gone, and say, "I was sitting there, and you were talking about the Holy Spirit and how He's the Miracle worker, and He's the standby, and He's the "Parakletos". And He's the one called alongside, and He won't ever leave us. And I was sitting there and thinking about all the good things you said, and how kind and good, and interested He was interested in each one of us personally. And I began to think of that about Him. And I began to get a little bit excited, I don't have a lot of emotions, I'm not an emotional person. But as I did, I felt something come on me. And that tumor that I had in the top of my chest, it's gone! It's totally disappeared. I didn't want to make a scene, I didn't want everybody to know."

But I want you to understand that what your teaching, is pleasing to the Holy Spirit because the Holy Spirit becomes active in our life. One thing that we need to realize is that our first in the Bible, the first time we see the Holy Spirit when the earth is void, and it's dark, and it's without form. And you know, and God's just there. The Holy Spirit is moving, He's active, and He's is a person that's in action right now.

I feel this right now, to say this to somebody. He's an action right towards you right now. He's going to help you, and as we begin to study more about Him, the Gifts that He brings and the things that He does. One of the greatest Gifts He ever brought me was is, I do see a lot of Miracles in my life. The second greatest Gift that I think He ever gave me was the Gift like Samuel had. A Seer Prophet, that I can not only see things, but I can Prophecy things. And especially if I get them in a dream.

If I get them in a dream, they're just 100%. And you know, I just had a dream the other night. That I saw a globe and I told it to a friend of mine first that day, and then I went and closed my eyes and went out there. I saw the earth, and it was like a globe sitting there in outer space. Then I saw an Emerald light coming behind there. And I realized when I saw that, the light was about to come back to this planet like we never saw it.

I really believe that God is saying, "Rise and shine, for the light, has come in someone's life today" because that's what the Holy Spirit does; is bring light into our life. We begin to understand things that we never understood before. You know He's got the Spirit of wisdom and knowledge, and more truth. He's all truth. And you know, the enemy tells us stuff that's never the truth. It's just never the truth. He's the father of lies, but when the Holy Spirit tells you something, you can count on it because he is the Spirit of Truth.

And today as we look at the Book of Acts and we understand this is really the Acts of the Holy Spirit, that we see what God did with those men of God, those women of God, as they waited there in that Upper Room. Do you know that I can say this, and I can honestly say this? I have seen every Miracle in the Book of Acts happen in my Ministry in my life. Not that I'm so great, but many people ask me sometimes to say, "You know Pastor Keith, why? Why do you get all these Miracles? Why is all this happen?" And I always say the same thing. "It's because of the Holy Spirit that lives on the inside of me. I follow His direction, I follow His lead, I yield to Him. And you know, as I yield to Him, and follow what He wants to do in my life. And I'm closing up with this session 1, and I'm fixing to go to session 2. But I want to tell you something. Some of you right now are feeling something that you didn't feel before. And it's a good feeling

because He brings good feelings into our lives. I just want to pray for you just a minute right now.

Father, in Jesus Name, this mighty Holy Spirit that's touching me so strong right now, this electricity that's running through my body, this warmth that I am feeling. Lord, this Prophetic announcement that I've just given. Lord, we feel like the Holy Spirit that we talked about in the Book of Acts is acting right now. Our Heavenly Helper, is Activating people's lives right now. Many of them will be saved and filled with the Holy Spirit as they watch this broadcast. Many are going to be healed and delivered. Many of them are going to get a new outlook on life. Many things are going to turn around for them. I believe this is going to be the greatest year in somebody's life that they've ever had. I don't care what you've been going through to this point. This is going to be a good year for you before it's over. I think God has saved the best till now. [music] and the best of the best is about to come in the mighty Name of Jesus.

Thank You, Lord, for the Comforter, for the Holy Spirit that you send into our life. Bless the people watching today in a powerful, powerful way. May they feel what I feel may they be touched by the Holy Spirit like I've been touched all these years. And may they understand His friendship is the greatest friendship they could ever have. He understands us, He knows us, and He loves us. And my prayer is that soon, they will move to a new level, that they've never been before, because of this activation with the Holy Spirit, in Jesus Name. [music ends]
